

## **Best Practices:**

### **Transparent Admission Policy**

- Transparent Admission policies following open merits that are displayed on website and notice board. The objective behind this is to admit students based on merit.
- Excellence in sports and cultural activities achieved. The College has earned a good name in Cultural events Sports, and it has been possible by a dedicated team of faculty guiding students' efforts in right directions and motivating them as and when required.

### **Green Campus and on foot walking:**

- The campus is kept clean and green by planning in coordination with IQAC, Student Council, and Bagwani committee along with green initiatives team.

### **Decentralization of Academic and Administrative Duties, Inclusiveness and Participative Management**

- The Governing body has on its executive committee, representation of the teaching and non-teaching staff (on the basis of seniority and rotation) whereby a transparent decision making is ensured. This culture of Governing body gives academic and administrative freedom to the Principal; who happens to be the Head of the Institution and appoints various committees to practically help the culture of freedom and inclusiveness to run college academics and administration helping a culture of participative management.

### **Green Initiatives:**

- The college ensures Eco friendly trash/litter collection and disposal system. It includes green initiatives like exhaustive plantation of trees. All the traditional bulbs have been replaced with CFL/LED tube lights and conserving water resources wherever possible, has continued.
- Walking on foot is the only mode of movement inside the campus enabling control of vehicular pollution. All the vehicles are parked outside from the main campus and no noise reaches classrooms or laboratories.

### **Rainwater Harvesting**

- Rainwater harvesting systems are in operation at 7 points in the campus. More such units are being planned to be installed in the campus that will

directly recharge the groundwater table after collection in a pool and through filtering mechanism.

**Proper waste disposal measures:**

- Proper waste disposal measures are in place in the hostels and residential colony with the help of Municipality.
- Dustbins are placed at appropriate places. Use of plastic bags and polythene is banned in the campus.
- The College has made adequate arrangements for the parking of vehicles. Tobacco products are strictly banned within the campus.
- The same has also been mentioned in the students' code of conduct and the college has zero tolerance with regard to ragging and use of drugs etc are totally banned.

**Energy Conservation:**

- The glass window panes of the class rooms facilitate full utilization of natural light.
- The traditional lighting systems are replaced with CFL/LED lighting system. Switching off, of the electrical equipment is in place when not in use, and it is always encouraged.
- All the lights and fans are switched off when not in use and this helps in conserving energy to a greater extent.
- Class rooms are well lit with natural light and are well ventilated.
